Technical Skills

Backend: Node.js, Express.js, NestJS, REST APIs, MongoDB, Mongoose
Frontend: React.js, Next.js, Redux Toolkit, HTML, CSS, JavaScript, TypeScript
UI & Styling: Material UI, Tailwind CSS
DevOps & Tools: Docker, Git, GitHub, Bitbucket, Bamboo, Jira
Testing: Jest, React Testing Library
Others: Authentication (JWT), API Design, Agile Methodologies

Experience

Software Engineer – Full Stack (MERN) December 2024 – Present
9Yards Technology (Client: SHL) *Noida*

- Designed and developed a **full-stack digital reporting system** using Node.js, React, and MongoDB, enabling project-wise rating analysis and improving decision-making efficiency by **30%**.
- Built secure **REST APIs** with **role-based access control (RBAC)**, ensuring authorized data access and compliance across multiple user roles.
- Implemented **Highcharts-based data visualizations** (5+ interactive charts) to analyze performance trends and comparative metrics in real time.
- Optimized data aggregation and comparison logic, reducing **manual analysis effort by 30%**.

Software Engineer – Full Stack (MERN) August 2023 – November 2024
Bhumi Itech Pvt. Ltd. *New Delhi*

- Architected and delivered **5+ production-grade MERN applications**, contributing to both frontend architecture and backend API integrations.
- Designed **interactive dashboards** and real-time analytics, enhancing user engagement by **25%** through seamless third-party REST API integrations.
- Containerized applications using **Docker**, reducing deployment time by **40%** and improving scalability and environment consistency.
- Improved application performance by **30%** using lazy loading, code splitting, and asset optimization techniques.

Software Engineer – Full Stack August 2022 – August 2023
Srijcon *Remote*

- Developed and optimized full-stack features, reducing page load time by **35%** and improving overall performance scores.
- Built and deployed **20+ responsive web pages** and interactive dashboards supporting **1,000+ daily active users**.
- Integrated multiple third-party APIs, improving application functionality and usability by **20%**.
- Collaborated with a remote agile team, resolving **95% of reported issues** and delivering features within deadlines.

Projects

Social Media Web Application | *React, Redux Toolkit, Material UI*

- Built a scalable social media web application with global state management and reusable component architecture.
- Implemented optimized rendering using Redux Toolkit, improving UI responsiveness and performance.
- Integrated REST APIs with authentication and real-time data updates, increasing user interaction and engagement.
- Developed a fully responsive interface optimized for both mobile and desktop devices.

Education

Chhatrapati Shahu Ji Maharaj University Uttar Pradesh
Bachelor of Science, Mathematics *2018*

The Board of High School and Intermediate Education Uttar Pradesh
Intermediate *2015*
